

fi-6110 Image Scanner

A high speed *Colour Duplex Scanner*

*40 images per minute scanning speed
at 300dpi in Colour or B&W*

Ultrasonic multi-feed function

50-page automatic feeder

Small footprint

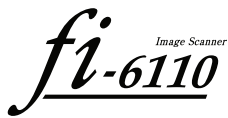

Straight paper path

*One year exchange
warranty*

FUJITSU

High speed performance and a space-saving, compact design

The fi-6110 delivers an impressive 20ppm/40ipm scanning speed for letter size colour documents (200/300dpi, portrait).

Built for superior cost performance, the device is capable of continuously scanning batches of up to 50 documents ranging in size, thickness and qualities.

Loaded with "Intelligent" functions

The fi-6110 inherits some of the highly reliable features found in the high end fi-Series models.

- Automated functions which enable the user to scan a batch of various documents at one time**
 The fi-6110 is the first entry model scanner to feature Blank Page Detection, Automatic Paper Size Detection and page rotation functions which ensure that scans always come out the proper size and orientation.
- Ultrasonic multifeed sensor**
 The fi-6110 comes equipped with ultrasonic double feed detection to accurately detect any paper misfeeds.
- A3 carrier sheet feeding function**
 The fi-6110 document scanner is capable of handling 11x17in documents when using the included carrier sheet. Simply fold the tabloid page in half and insert it into the carrier sheet. The fi-6110 will automatically stitch the two sides together to create an 11x17in image.

New functions that boost automation and efficiency

In addition to supporting Scan to File, Scan to Print, Scan to Email, Scan to FTP and Scan to SharePoint, the included ScandAll Pro software provides advanced functions such as barcode or patchcode separation.

Barcode or patchcode separation provides hands free sorting and saving of documents by reading the barcodes or patchcodes that are included on the document or on separator sheets.

fi-6110 Operator Panel

Technical Specifications

Scanner Type	ADF (Automatic Document Feeder)
Scanning Modes	Simplex / Duplex; Colour / Grayscale / B&W
Image Sensor Types	Colour CCD (charge-coupled device)x2
Light Source	White Cold Cathode discharge lamp
Document size	Max: 8.5 x 14 in (up to 120" in long doc mode)* 6 Min: 2.1 x 2.9 in
Paper weight	14 to 34 lb
Scanning Speed* 1 (Letter Portrait)* 1	TWAIN / ISIS: 20 / 40 ipm at 300 dpi (colour 2, grayscale 2, B&W)
Paper Chute Capacity	50 sheets (letter size, 20lb)*3
Background Colour	White
Optical Resolution	600 dpi
Output Resolution* 6	50 to 600 dpi (adjustable by 1 dpi increments), 1200 dpi (by device driver)
Output Format	Colour: 24 bit Grayscale: 8 bit; B&W: 1 bit
Interface*	USB 2.0
Image processing functions	Auto colour detection, Automatic page size detection, Multi-image, Blank page skip, Error diagnosis, Dither, Dropout colour (R, G, B, None, Specified), Image Emphasis, Simplified DTC, Advanced DTC, Moire removal* 7, sRGB* 7
Voltage Range	AC 100 to 240V ± 10%
Power	Operating: 28W or less (sleep mode: 5.36W or less)
Operational Environment	Temperature: 5 to 35°C (42 to 95°F) Relative Humidity: 20 to 80% (Non-condensing)
Dimensions* 4 (WxDxH)	292 x 143 x 130 (11.5 x 5.6 x 5.1 in)
Weight	3 kg (6.61 lb)
Environmental Compatibility* 5	Energy Star ® and RoHS
Others	Ultrasonic multi-feed detection

Consumables

Pick Roller	PA03586-0001	Lifetime: Every 100,000 sheets or one year These rollers feed documents into the scanner
Pad Assembly	PA03586-0002	Lifetime: Every 50,000 sheets or one year This pad separates documents
Carrier Sheet	PA03586-0013	5 pack of carrier sheets

Bundled Items

	USB cable, Adobe Acrobat 9.0 Standard, ScandAll Pro ISIS/ TWAIN drivers, Carrier sheet
